The resignation of Mrs. McCracken was accepted by the ladies of the M. P. Ladies Aid. Her place is being

filled by Mrs. Erve Roe. Badder's family enjoyed the Emas program.

Mrs. Crandall sang one of the most beautiful hymns at the M. P. church that has ever been sung here before. We all love to hear her sing on Sun-day evening. Everybody is welcome at the M. P. church.

We find the M. P. church bell ca ring the longest and the loudest on New Year Eve, which proves that many hands make light work.

Striking Painting of Century" On New York Cetral Calendar

NE of the most striking and impressive train pictures ever painted, is the feature of the 1926 Art Calendar now being distributed nationally by the New York Central Lines, bearing-the artist's title "A National Institution.

The painting shows the Twen-tieth Century Limited, the fastest-long distance train in the world, speeding southward along the east bank of the Hudson River, east bank of the Hudson River, beneath the steel viaduct approach to the "Alfred H. Smith Memorial Bridge" across the Hudson River ten miles south of Albany, N. Y., a part of the \$25,000,000 "Castleton Cut-Off" improvement, which includes also twenty-eight miles of connecting double-track railroad and large new freight classification yards. The painting, which is by Walter L. Greene, upon exhibition won high praise for its illusion of thrilling speed and the impressive sense of the power and majesty of locomotive and train

Grain Prices Soar on Federal Crop Figure

Chicago.—A sensational advance in grain prices was recorded on the Chiego Board of Trade as a result of the publication of one of the most significant reports ever issued by the United States Department of Agriculture.

The report, which was unexpectedly pessimistic, predicted a wheat crop of only 669,000,000 bushels, barely enough for domestic requirements and almost 200,000,000 bushels short of last year's crop. It caused a frantic scramble by shorts to cover and as a result wheat prices opened 21/2 to 91/4 cents higher, with December wheat showing the greatest gain. Corn opened 2% to 4% cents higher.
